

ActivTrak: Workforce Intelligence That Drives Results

ActivTrak is the undisputed leader in workforce analytics, dedicated to helping organizations make performance management more effective and business operations more productive.

Led by a seasoned team of software industry veterans, ActivTrak has shaped the workforce analytics space — defining the category and developing its best practices. These efforts have earned the recognition of experts and end-users across industries, resulting in numerous awards and accolades for innovation, expertise and ROI.

With more than 9,500 customers and a portfolio of top technology solution partnerships, ActivTrak has proudly achieved inclusion on the Deloitte Technology Fast 500 and Inc. 5000 lists of fastest-growing companies.

The Problems We Solve

Today's workplace is distributed and mostly digital, limiting the visibility needed to accurately measure and manage productivity and performance.

With labor and related expenses comprising more than 75% of business costs, it's staggering how many leaders struggle to understand if workforce investments actually deliver the desired results. *That's where ActivTrak comes in.*

What Sets Us Apart

Unlike traditional employee monitoring tools, ActivTrak is the only complete solution with employee monitoring, productivity and performance management, and workforce planning capabilities that deliver measurable ROI in just weeks.

Powered by AI analytics and a prescriptive methodology, ActivTrak quickly unlocks workforce value while safeguarding employee privacy through transparent, ethical data use. It is one of the few platforms that is GDPR, HIPAA and SOC 2 Type 2 compliant, ensuring the highest levels of security, privacy and governance.

40% of company work is **wasted productivity**¹
